

LAPSE OF REVOLUTION

Expects Russian "Reds" To Win Struggle.

BOLSHEVIKI LACK LEADERSHIP

Is Sending No Arms or Supplies.

Munitions Might Fall into s of "Reds," as in the Struggles — Great Rising Expected Soon.

March 11.—The collapse of the Russian revolution is now a fact, although it was not until today that no country in the world has thrown the Russian revolution into the sea.

France has sent relief to the Russian revolution, but it was not until today that the fact was made to send munitions to the Russian revolution.

Learned something from the Russian revolution, General Wrangel, said today. "We do not want to send any more munitions to the Russian revolution."

Advices received here indicate that this is not the "popular" revolution which has long been expected to break out against Lenin and his associates. It is pointed out that a real uprising must be based on a struggle between the Russian revolution and the Russian revolution.

Cause of Revolt. On March 10.—(Through London March 11.)—The scarcity of food and the high price of such food has been the chief cause of the counter-revolution in Russia, according to reliable information received here today.

The Russian revolution had its old war values and food prices were at their present-day level. A pound of butter in Moscow would cost \$1.00, and a pound of sugar \$1.00.

Not admitted, however, that the cause of the revolution seems to have been the irreducible minimum. In December to March, food prices in Moscow have advanced as follows:

From 7,000 to 14,000 roubles per sack, from 7,000 to 15,000 roubles per bushel, from 14,000 to 15,000 roubles per bushel, from 14,000 to 15,000 roubles per bushel, from 14,000 to 15,000 roubles per bushel.

Not admitted, however, that the cause of the revolution seems to have been the irreducible minimum. In December to March, food prices in Moscow have advanced as follows:

FIRST GROUP PICTURE OF PRESIDENT HARDING AND HIS CABINET

The first group picture of President Harding and his cabinet made on the White House lawn. The members of the cabinet had gathered at the White House for the first cabinet session. Left to right, standing: Albert Fall, secretary of the interior; Will H. Hays, postmaster general; H. M. Daugherty, attorney general; Henry C. Wallace, secretary of agriculture; Herbert Hoover, secretary of commerce; and James J. Davis, secretary of labor. Seated, left to right: John Weeks, secretary of war; Andrew W. Mellon, secretary of the treasury; Charles E. Hughes, secretary of state; President Warren G. Harding; Vice President Calvin Coolidge; and Edwin Denby, secretary of the navy.

CABINET HOLDS MEETING TODAY

Second Gathering of President and Secretaries.

SOME IMPORTANT MATTERS CONSIDERED

Number of Nominations Are Sent to Senate.

Steps Being Taken To Fill Various Government Positions.

Crisinger Is Confirmed as Comptroller of Currency.

Washington, March 11.—After being in session for a little more than two hours, today, President Harding and his cabinet temporarily adjourned their meeting and retired to the White House for luncheon. Where the discussion was resumed. President Harding had called upon the members of the cabinet, in the order of their rank, to discuss the affairs of their departments, and had only proceeded as far as Postmaster General Hays when it was decided to continue the session about the luncheon table.

Second Meeting. Washington, March 11.—President Harding met with his cabinet shortly after 11 o'clock, today, for the second time.

Appointment of a new shipping board is one of the subjects which it is understood will be discussed. Attorney General Daugherty stated that if his opinion was asked, he would urge the appointment of a new shipping board before the senate adjourns, Saturday. It was indicated, however, that the president is not prepared to name the new board.

Attorney General Daugherty, it is learned, has taken no steps to render an opinion, asked by Chairman Benson, as to whether the board still holds office, but has taken the attitude that new appointments will render such an opinion unnecessary.

Communications which the president has sent to the shipping board indicates that he desires the present board to continue to function until a new board is appointed.

Nominations. Washington, March 11.—President Harding today sent to the senate the nomination of John J. Egan, of LaCrosse, Wisconsin, and Mark W. Butler, of New York, to be members of the interstate commerce commission.

Each is a former member of congress, his term having expired March 4 and was one of the co-authors of the Esch-Cummins law under which the railroads were returned to private control from government control.

Butler was appointed to the interstate commerce commission by former President Wilson, but his nomination was never confirmed and his tenure of office will expire automatically in March. He is widely known in railway circles. He was nominated for the term to expire December 31, 1922.

Other nominations sent to the senate by the president were:

To be assistant secretary of the state department, Fred M. Dearborn, of Missouri.

To be members of the tariff commission, William B. Culbertson, of Kansas, reappointment, and Thomas M. Harvin, of Massachusetts.

JEWELRY MERCHANT IS SHOT TO DEATH

New York, March 11.—Abraham Harris, a jewelry merchant, was today shot to death in his store, No. 2276 Eighth avenue, today. His hands were tied. The police announced a tray of jewels was taken. The value of them is not known. It was said they might be worth \$10,000.

ANNOUNCEMENT IN PARLIAMENT TODAY

London, March 11.—Horatio Bottomley, M. P., announced, this afternoon, that he will move the rejection of the reparations-recovery bill when it reaches second reading in the house of commons. The bill was to have been introduced yesterday, but its introduction was postponed.

PALMER RULING WILL HOLD GOOD

Will Probably Not Be Reversed, Says Daugherty.

REGULATIONS TO BE REDRAFTED AT ONCE

Druggists To Have Supplies of Wine and Beer.

Must Be Supplied To Meet an Expected Demand for Medicinal Purposes—Restrictions on Brewers To Be Lifted.

Washington, March 11.—The ruling drafted by A. Mitchell Palmer, federal attorney general, giving a liberal interpretation of the Volstead law and upholding many existing enforcement regulations, governing the manufacture and sale of non-beverage liquors, will be permitted to stay in force, it was announced at the department of justice today. Attorney General Daugherty said that while he had not digested the Palmer opinion, it was not probable that any action would be taken to reverse either this or other leading opinions drafted by his predecessor. Daugherty said it would not be his policy to review such decisions, because it is contrary to the long-established custom of the department of justice.

Redrafting of many of the existing prohibition regulations, and the revocation of other which were held by former Attorney General Palmer to violate the real intent of congress, is under way today. The revision will be taken up in greater earnest with the announcement of a new international revenue commission, now expected daily and the naming of a new prohibition commissioner.

Now that legal authority has been given for the manufacture of whiskey, beer, and other liquors for strictly non-beverage uses, without restriction as to the amount produced and sold by permit holders, there will be an increase in the work of prohibition headquarters and of its forces in the field. Commissioners are now under way among officials, with a view to lifting restrictions upon brewers and distillers, to permit the distribution of wine and beer to retail and wholesale druggists to meet expected demands.

Beer Can Be Used as Medicine. Cincinnati, March 11.—Attorney George S. Hawan, Cincinnati dry lawyer, said he has seen nothing in the Crabb act to bar medical use of beer in Ohio if the ruling of former Attorney General Palmer on the Volstead act should stand. Hawan said the provisions of the Volstead act for federal enforcement of prohibition.

BALLOTS NOW BEING PRINTED

Packing-House Workers Plan a Vote on Strike.

AN INJUNCTION MAY BE SOUGHT

To Restrain Packers from Wage Reduction, March 14.

Secretary of American Federation of Labor Calls a Conference for Next Wednesday. Coming Rail Conferences.

Chicago, March 11.—Strike ballots are being printed here, today, and distribution of the ballots to the 400 locals of packing-house unions in the United States and Canada will begin tomorrow. If President Harding does not intervene in working hours, between packers and their employers, a strike vote will be taken.

Plans for obtaining an injunction to prevent the packers from reducing wages, March 14, and taking the fight direct to the courts, which were discussed at the conference of union leaders in Omaha, yesterday, have been referred to the executive board. This method may be resorted to later.

Secretary Frank Morrison, of the American Federation of Labor, called a conference of delegates of all allied packing-house unions for next Wednesday morning at 10 o'clock, in Chicago. Morrison has been advised by President Harding that the plea of the unions has been received and that the matter has been taken up with the department of labor and the department of justice.

Conferences Asked. Chicago, March 11.—Conference to discuss wage cuts, as a preliminary to bringing proposed reductions in pay before the United States railway labor board, have been asked with their employers by virtually all railroads having headquarters in Chicago. These conferences have been asked to conform to the transportation act, which specifies that employers and employees must seek to reach an agreement before wage disputes can be brought before the labor board.

Railroads that have asked conferences with their employees include the Santa Fe, Chicago, Milwaukee & St. Paul, Chicago & Great Western, Chicago & Northwestern and the Rock Island lines.

The Rock Island will meet its employees March 21, in Chicago and the Northwestern, March 13.

Action on Appeal. Washington, March 11.—The department of labor has taken no action on the appeal of the employer of the large packers for government.

WORLD POLICY OF PRESIDENT

Great Interest in Latin-America Is Indicated.

AMERICA'S COURSE SEEMS WELL DEFINED

Entanglements in Affairs of Europe To Be Stunned.

New Administration Determined To Strengthen the Relations with All the Republics of the Western Hemisphere.

Washington, March 11.—If the "world policy" of President Harding could be summarized in a few words, they probably would be: "Increase American prestige in Latin-America and decrease American entanglements in the affairs of Europe."

Those who know the new president best confidently believe that this expresses generally the principle to which America's course in world affairs will be charted for the next four years at least. Those who have talked with President Harding in the week he has been president, have been struck with the great importance which he attaches to matters affecting South and Central America.

As evidence of the new administration's determination to strengthen our relations with the republics of the western hemisphere, it was pointed out here, today, that on Monday he had been elected, then he made a trip to the Mexican border and to Panama, to observe at first hand the conditions there and also more important, that the first two moves in world affairs by the new chief executive were directed, not at chaotic Europe, but at Latin-American countries.

Ugely Situation. The second day the new administration was in office, it took prompt action to stop hostilities between Panama and Costa Rica, which were threatening to create an ugly situation in America's backyard. On the sixth day the new administration was in office, the president sent a special message to the senate requesting the ratification of the Carambola treaty, which has long hung fire and which has long been a prolific breeder of suspicion and distrust of the United States among the small republics of the South.

President Harding has viewed with concern the encroachments made in South American trade by the nations of Europe.

He has confided to some of them with whom he has conferred at the White House, this week, that he is reserving some of his most important diplomatic appointments for the nations to the south. Diplomats are not to be shunted off to South America just because the administration has no other place for them.

While actual hostilities between Panama and Costa Rica have ceased, there still is a situation there fraught with considerable peril to America's Latin-American policy. This will be enhanced if the league of nations enters the situation in the attempted role of mediator. Both Costa Rica and Panama are members of the league and information has reached the state department that the latter already has taken the matter up with league headquarters in Geneva.

Intervention. What attitude this government would take if the league does attempt to intervene in what is considered purely an American question and one that comes under the provisions of the Monroe doctrine, is a highly problematical. Officials were wary of commenting on the subject today. The belief was expressed, however, that the league will decide not to mix up in it.

With the Colombian treaty revived for three weeks, at least, the administration supporters in the senate will endeavor to minimize the opposition to it during the recess, so that when it is called up, eight days after the new session begins, the long-fought treaty will have clear sailing to ratification.

Later this afternoon the president will receive at the White House eight South and Central American ministers, who are on special missions in this country. They will present letters. Those who will call are ministers from Costa Rica, Panama, Cuba, Honduras, Guatemala, Honduras, Nicaragua and Salvador.

Stock Market. New York, March 11.—There was an absence of the usual excitement in the stock market at the opening, today, characterized by the dullness, yesterday. A few hours showed slight

IN COMMON PLEAS

Trid Is Begun. Trial of the \$1,500 damage suit of Edith Edna Carpenter against the Columbus, Delaware & Marion Electric company was begun this morning in the common pleas court.

The suit is the outgrowth of a accident March 21, 1920, in which a north Main street car ran into an electric trolley at the north Main crossing. The plaintiff was a passenger on the car.

Sayles & Sayles, of Toledo, and H. E. Hill are attorneys for the plaintiff. W. P. Moloney represents the defendant.

Wants Interest Probed. The answer of Lydia Chapter No. 53, Order of Eastern Star, was filed this morning in the common pleas court in the suit of Annabelle Thibault against T. R. Smith and Dr. Fillmore Young to set aside the will of Anna G. Salmon. The answer was filed through J. H. Eymann.

The answering defendant admits it is a beneficiary, asks that the petition be dismissed and that its interests be fully protected.

CHURCH SOCIETIES

Nazarene Society. The Nazarene society, of the Nazarene church, met Thursday evening with Mrs. Minnie Myers, of south Prospect street, with a good attendance. Papers were read on "The Missionary Pay." The remainder of the time was given to a prayer service.

The election of officers will be held at the meeting the second Thursday in April.

Wesley M. E. Society. The Women's Home Missionary society, of Wesley M. E. church met at the church Thursday afternoon with the members of the Epworth missionary society as guests.

Miss Frances Kallstad gave an interesting talk on practical missionary work and a reading and a vocal duet were given.

AVALANCHE OF SELLING ORDERS

Causes Sensational Decline in Stock Market.

NEW LOW RECORDS MADE FOR THE YEAR

Unsettled Industrial Situation and Wage Cuts Held Responsible for Trouble.

New York, March 11.—The stock market was suffering from a heavy avalanche of selling orders today, when prices were driven down from one to over ten points and new low records were made for the year.

The weakness was reflected in a decline in the industrial situation, throughout the country, as emphasized by the news of new financing of the passing of many dividends and the numerous wage cuts announced.

On the decline, stop-loss orders were encountered, giving fresh impetus to the selling movement.

The crumbling away of many of the values was not only confined to the speculative issues, but extended to some of the long held investments. The volume of the day's trading was larger than in many months.

The bulk of the pressure was concentrated against the oil issues. Mexico Petroleum was driven down over twelve points, to 143, coming back at the close to 144 1/4.

Has New Newspaper. Washington, March 11.—President Harding had a new newspaper today, "Laddie Boy," the president's aide, delivered the morning newspaper at the president's breakfast table. Wilson K. Jackson, "master of the hounds" at the White House, has been training "Laddie Boy" to carry newspapers for several days.

To Wreck Train. Willoughby, O., March 11.—An attempt to wreck passenger trains on the New York Central, between Cleveland and New York, was frustrated here, today, when section hands discovered a section of rail from which the spikes had been removed. The tool house nearby had been entered and clawbars stolen.

Four Slain By Raiders. Manila, P. I., March 11.—Four Filipinos were killed and eleven wounded by a band of Filipino mountaineers armed with bolos, who raided a cockpit in Iloilo province, 300 miles southeast of here, according to advices reaching here yesterday.

Dr. Joseph Ransohoff Dies. Cincinnati, March 11.—Dr. Joseph Ransohoff, sixty-eight, professor of surgery at the medical college, University of Cincinnati, and known internationally as a surgeon, died, yesterday, after a protracted illness.

A Pleasant Surprise. Miss Ruth Lumberson was given a very pleasant surprise Thursday evening at her home, No. 691 Davis street, the occasion being her birthday.

Mood of Spring

WONDERFULLY inspiring are the exquisite new modes for Spring, the fabrics and trimmings and prices which make their initial appearance during this week at the New York Store. The range in assortment, beauty of style and completeness of every costume detail are results of the Store's ceaseless efforts to serve its patrons in every regard. Prices this season make shopping for new clothes a joyous task. The tension is past and every woman may take a genuine interest in the modes of Spring.

The Frocks
For Spring

Wherever milady's errand fancy may lead her this Spring there are Frocks to suit the period. Directoire, Russian, moyen age, princess, Oriental and Spanish are the influences most evident in new Frocks. Slim straight lines predominate in cloth models for street, while more bouffant styles are found in afternoon modes. Embroidery, eyelet work with underlays of bright silk or suede, upholstery braid and heading vie with handsome fabrics in making the new Frocks creations of much charm. From \$15 up to \$75.

Spring Suits Reflect
Many Influences

Tasseled sashes gaily swinging are but one bit of evidence of the spontaneity of new Spring Suits. Box coats, semi-tailored and Directoire styles, Russian blouses with cavalierish capes, and mandarin coats are a few of the most prominent influences felt in the new modes. Pique twill, will cord, pique and tricotage in beige, navy and grey are desired colors. Color is introduced in the form of gay gilets, sashes and touches of embroidery. Inspection of the many smart styles displayed here will disclose the desirability of buying the Spring Suit early and getting a full measure of pleasure from it. From \$15 to \$45.

New Skirts For Spring Wear

Dashing Spring Skirts are here! Every wardrobe needs one. Priced so low every far-seeing woman will avail herself of this opportunity to buy one while stocks are yet complete and styles so new. Plaited models prevail, ornamented with unusual straps, buttons and belts. They are just the thing for early Spring sports and street wear.

Then, too, they're most reasonably priced this season—\$5 to \$10 buy some handsome ones, or you can pay up to \$19.50 if you want something elaborate and exclusive.

Beads

New frocks call for new Beads. The last word are the fine strands of silver Beads which closely resemble seed pearls. Others of barbaric beauty have handsome single bead ornaments in amulet fashions. 1 From \$1 to \$6.50.

Near Spring
Fabrics Showing
Fashion's
Trend

AFTER a stroll down the aisles of the Fabric Section one has but to close her eyes to visualize the hosts of lovely things simply waiting to be made by clever seamstresses. But this season one does not have to close her eyes because of high prices.

Silks

Vivid Printed Silks find a host of admirers this season when simple styles make beauty of fabric a requisite. Greatly in demand, however, is Canton Crepe which is put to every conceivable use. Novelty Sports Silks and Taffetas are shown in lovely shades for Spring and Summer wear. To see them is to make plans for Summer's varied needs as well as Spring's. \$1.98 to \$6.50 yard.

Cottons

Tub Frocks time seems just around the corner when one gazes upon the quantities of sheer Organdies, dainty white stuffs of all kinds, gay Dimities, Voiles, and delightfully sprightly imported Gingham. Early selections and an early start on the Spring sewing is suggested. Children's school needs for tubables daily grow more insistent.

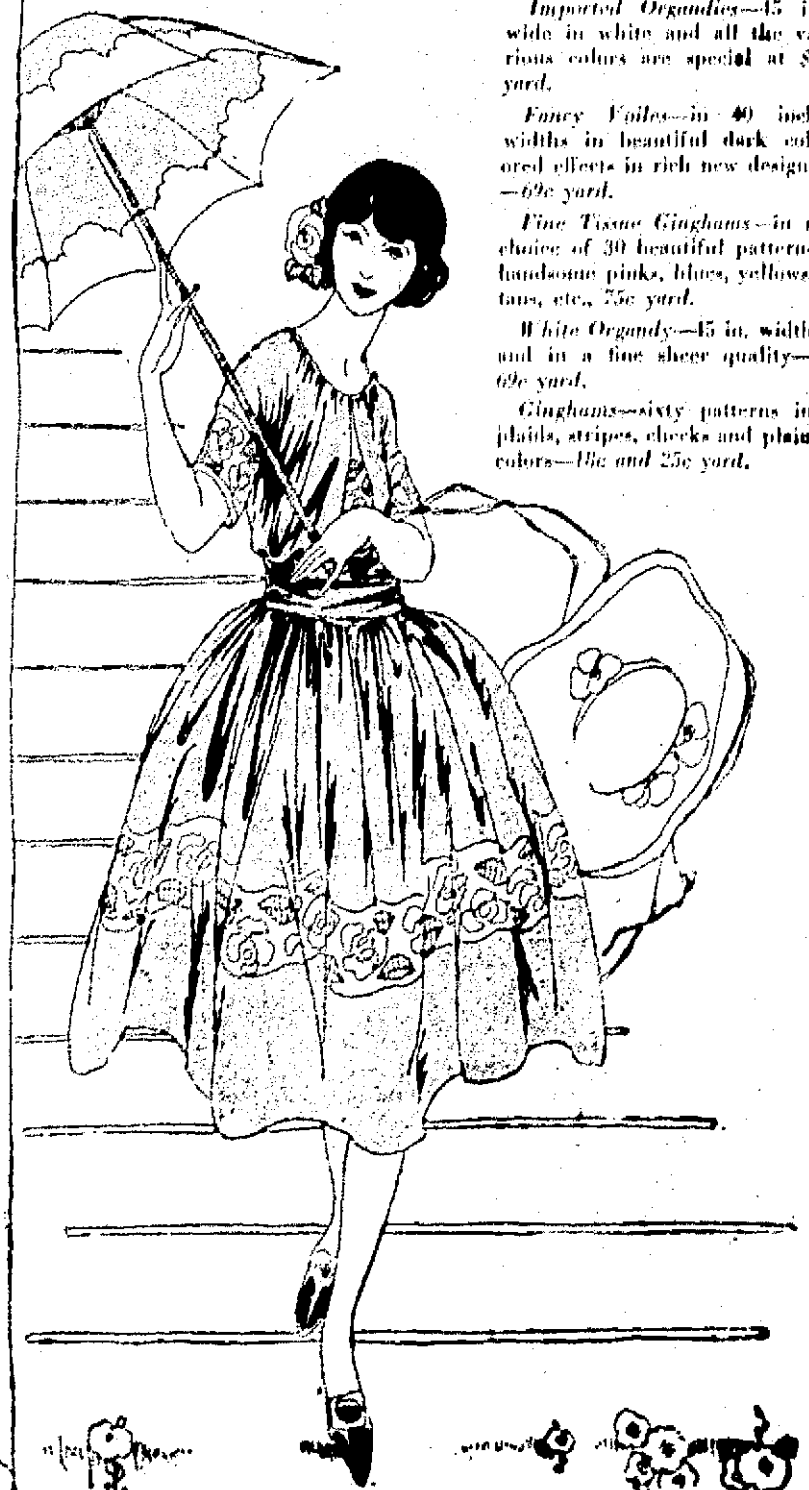

Imported Organdies—45 in. wide in white and all the various colors are special at \$1 yard.

Fancy Voiles—in 40 inch widths in beautiful dark colored effects in rich new designs—69c yard.

Fine Tissue Ginghams—in a choice of 30 beautiful patterns handsome pinks, blues, yellows, tans, etc., 75c yard.

White Organdy—45 in. width and in a fine sheer quality—69c yard.

Ginghams—sixty patterns in plaids, stripes, checks and plain colors—the and 25c yard.

Again our busy Garment Section is prepared to astonish all the good folks of this community—and to astonish them in a most delightful manner.

For it will be delightful, will it not—to find a great and marvelous collection of handsome, new, fashionable Easter Suits of the choicest kind—at prices comparing most favorably with those of five years ago?

A year ago this time we held a very remarkable Easter Suit Sale, concerning which folks still talk to this day.

Up to that time, Marion had never seen anything like it.

Building upon that experience and success—we have this time prepared a still greater event—affording still greater selections and even more wonderful values than last year.

'Tis an occasion too big, wonderful and altogether important to be overlooked by any woman, far or near, who has any thought of selecting new Easter apparel.

of the Nearly One Hundred Distinctive
Models Comprising This Event*

The Suits at \$35

You Save Handsomely on Every One

Since we have discontinued all comparative price advertising—we will not venture to say what these splendid special Suits are regularly worth.

You may be certain, however, that what you save on any one of them would pay for a new Spring hat and frequently buy a nice new waist besides.

The greater part are very high grade Tricotines, fashioned beautifully in the new box, ripple tails and belted box styles, as well as in the trim tasteful plunk tailored models.

Navy blue is, of course, the prevailing favorite. A splendid selection of tans, Copen and Harding blues, black, the newest greys and the fashionable new bark and reindeer. Also smart checked Velours.

\$35 is a marvelously low price for such fine Suits. You'll find them incomparable. They will astonish you.

The Fine Suits at \$50

Represent Value-Giving That's Marvelous

Every Suit in this big and remarkable collection is really a wonderful value.

Compared with Suits ordinarily sold at the price—well, there really is no comparison at all!

Of choice, high grade materials—hand tailoring of the most exacting kind—lined beautifully with plain and richly figured pussy willow silks—they are indeed, fine and beautiful Suits.

Demure plain tailors, and all the smart, jaunty new ripple and box styles. Some richly embroidered, some richly beaded, some touched off with fashionable silk girdles, some displaying the attractive new Dutch collars and tassels.

Navy blues, Harding blues, tans, greys, black, bark and reindeer.

These handsome Suits are extraordinarily great and matchless values at \$50.

A Splendid Group of Fashionable New Easter Dresses to be Offered

For the First Time Tomorrow Morning

\$30

It has been years since you've seen such splendid Dresses at anything like this price.

And even now, a very fortunate and unusually large special purchase, together with the clipping of our profits to almost the vanishing point—alone make such value-giving possible.

The fashions and the materials and the making all bespeak a much higher price.

In the assortment are becoming new hip effects with pointed tunics, scalloped over-skirts with eyelet embroidery and French knots, corded stitchings, with dainty flowers of contrasting colors.

And some particularly pretty modes in combinations of georgette and tulle as well as georgette and velvet.

Navy blue, of course, leads in popularity, closely followed this season by the new greys, the dainty Harding blue and also black and Copen.

So altogether remarkable are these new Frocks that we look to see the entire lot go "flying out" in short order.

\$30 is their remarkable price.

A Clearaway of Cloth Dresses A Fine Saving on Every One

Tomorrow will be your opportunity to save handsomely. A choice, splendid selection of about fifty becoming Serge, Tricotine and Poiret Twill Frocks, which originally have been altogether exceptional values, drop anywhere from \$2.50 to \$20 below the former prices.

Yes, indeed, they are this Spring's merchandise. Scarcely a one having been here more than 30 days.

The type of Dress one wears prac-

tically the year 'round on the street, motoring, traveling. Some hour of nearly every day calls for the Cloth Frock.

The showing is varied. Many attractive styles, embracing virtually all the most favored models of the moment.

Four special groups, and you'll find the values comprising each of the four to be unequalled anywhere.

Handsome New Spring Coats and Wraps Just Unpacked—Marvelous Values

As the Result of Big & Very Fortunate Purchases in New York Last Week—We are Enabled to Announce This Notable Easter Sale Tomorrow

\$25 ▼ \$35 ▼ \$39.50

They've just come in—these exquisite new Coats for Spring.

Mrs. Wertz was fortunate indeed, on her trip to New York last week, and succeeded in buying some of the most unusual Coats and some of the most exceptional values it has ever been our pleasure to offer.

These smart new Spring Wraps are altogether beautiful and desirable—their unusual prices hark back to the low prices of the days before the war.

While her purchase includes Coats at both lower and higher prices than those featured, the three special groups at \$25, \$35 and \$39.50 are perhaps most remarkable.

Most prominent among these three groups are the very attractive new wrap effects and the jaunty little sport models—most of them of soft, fluffy summer weight Velour. There are also Coverts, Tricotines and Bolivias.

Such a variety of styles and so many new novelty touches and quaint effects, it is hardly possible to attempt description here. These smart garments show the beautiful beading and tinsel embroidery, as well as fancy stitching, braids and buttons.

The most attractive of the new colors are soft tans, reindeer and the deeper new bark, dainty Harding blues and the always-popular navy.

These three special groups which we place on sale tomorrow will be found to be the most unusual values yet shown and altogether surprising at \$25, \$35 and \$39.50.

STORE NEWS (Easter Edition)

Easter Is March 27 This Year

Friday, March 11.

All in Fine Readiness for 2 Weeks of Rare and Wonderful Easter Selling

A Remarkable Purchase and Sale
of Very High Grade New Hand Bags

at \$5 Each

Ordinarily we would consider ourselves very fortunate indeed to secure such a remarkable lot of very fine, brand-new hand bags at the close of a season. How very fortunate, therefore, it is to purchase such bags right at the start of the season and just before Easter.

These special bags are the fine product of a manufacturer considered the leading manufacturer of the entire country—whose merchandise is always of the highest character. Very faultlessly made, and in which only high quality materials are ever used.

In this special lot are the new fashion shapes. The latest and most popular long handled styles—made up in fine seal, pin seal, mat seal, walrus and patent leather.

Needless to say—at \$5 every one affords a hand-some saving.

Several Hundred Sets of New
Glass Mixing Bowls—5 in Set

at 99c Set

Again, after many months of trying, we have succeeded in securing another big special lot of these remarkable glass mixing bowls.

The last time these bowls were placed on sale, eager womenfolk snapped up the entire lot in short order—and we were unable to supply literally hundreds of folks who came in later to buy them.

This time we have been fortunate enough to secure two hundred sets.

Each set consisting of five glass bowls of graduated sizes. The minute you see them you will recognize what a remarkable offering this is.

(Note—In order that as many customers as possible might take advantage of this offer we shall have to limit the sale to two sets to a customer.)

Hundreds of Pairs of Splendid New "Wayne Knit" Silk Hosiery Rare Values at \$1.19 and \$1.68

At Easter time, fine silk hosiery has the call. We consider this remarkable purchase of Wayne Knit Silk Hosiery a stroke of luck—both to our customers and ourselves.

Owing to strikes and the shutting down of the mills in the country "full fashioned" silk hose, such as these, are scarce and growing scarcer daily. Practically no full fashioned silk stockings are being manufactured at the present time and there has been virtually no output of them.

As the season advances—unless conditions change—desirable, high-grade silk stockings will be hard to find.

For these reasons it is most fortunate indeed, that we have been enabled to buy

this lot of hundreds and hundreds of pairs of splendid "Wayne Knit" full fashioned hosiery at prices which enable us to give our customers—just at the time they want them—the most unusual values of the season.

There are two big remarkable groups. The first group consists of about five hundred pairs of "Wayne Knit" full fashioned, black, silk stockings—sizes from 8½ to 10—every pair of them a most unusual value at \$1.19.

The other big lot of very handsome quality, pure thread, full fashioned, black, "Wayne Knit" stockings—comprises the most unusual stockings you have seen at anything like the price—for a long, long time. \$1.68 a pair.

A Big Lot of New Yarns 49c per Hank

At Which Price the
Entire Supply Should
Go Flying Out

We place on sale in our popular Art Section, tomorrow morning, a remarkable lot of fine new Knitting Worsted Yarns.

Since this special Yarn comes in hanks which contain twice the amount of the average ball selling at the same price—this special offering brings Yarn down to just half the price ordinarily paid.

This unusual offering should create great interest on the part of all who expect to knit new sweaters or other articles for the coming Spring and Summer.

In this assortment you will find the following best shades of turquoise, American Beauty, buff, old rose, henna, black and navy.

Thus, there is an ample assortment of every shade that is new, fashionable and popular at present.

One a hank—while the present supply holds out.

Just Arrived This Morning—This Group of Wonderful New Easter Waists

Exquisite Fresh New Blouses Which Are
Altogether Amazing Values at Only

\$6 Each

We wish that you could have seen these beautiful new Waists just taken from their wrappings, as we viewed them this morning.

All in all, we believe this to be the cleanest, choicest, most desirable lot of special Waists we have seen.

At the price they are really marvelous—for here are dainty, dressy blouses with filet lace and some trimmed with Val lace.

Others show the fluted frills or daintily pleated ruffings.

In the assortment are Georgette, fine quality Silk Crepe de Chine and Wash Satin, also Habutai Silk and Mignonette. There are plenty of the popular street shades—navy blue, brown and beige, as well as the daintier flesh, white and grey and likewise black. A full range of sizes.

Even back in the days before the war—it was seldom that we could show such style, beauty and quality at anything like this price.

Groceries at Savings

If You Want to Buy Your Groceries at the Lowest
Prices Under the Sun—Just Join the Crowds
Which Will Throng This New Grocery Tomorrow

All week long gratified customers have, of their own accord, been telling us how much they have saved on the groceries bought in our splendid new Self-Serve Grocery.

One gentleman told of having saved 82c on \$4.55 worth of groceries purchased the opening day.

Another lady said she had saved just 73c on a moderate sized basket full. Nothing that we can say in printer's ink could compare with testimonials such as these.

In these days, when everyone is trying to make every dollar do its full duty—a modern, up-to-date, new Grocery, such as this, whose sole object is to save folks money—is indeed rendering a big service.

In order to avoid the big crowds of the afternoon we respectfully request those of you who conveniently can, to do your shopping in the morning.

An Announcement That Has Cost Us a Great Many Dollars.

Sale time for this store is over—but a better substitute for you, takes its place. All merchandise, whether it be clothes, hats or underwear, has been remarked down to **NEW PRICES**. For the past ten days this has been going on. Now it's accomplished, and you are assured in whatever you buy here, that the selling price is based on present lower costs; not what it may have cost us! Most apparel has dropped in price during the past six months. Some much more than other lines. Not only are the new coming stocks closely marked on new costs, but all old stock as well. For instance underwear. The \$1.50 suits now have \$1.00 marks. Hose that was 75c is buck to 50c, etc., thruout the store. To help get merchandise back to sane prices is our obligation to you. Right prices prevail here in every line.

The Season's New Apparel Shown for the First Time Tomorrow.

Society Brand and Hickey Freeman Makes.

Easter is but two weeks away. Spring clothes now will have the center of attention, and this store's new stocks are ready to show.

The new Spring patterns are ever so attractive, and the better quality at more nearly old time prices again begets enthusiasm to own good looking, dressy clothes. The styling is Society Brand and Hickey Freeman—the best clothes we think it possible to buy.

The much wanted fine line stripes are here a plenty on rich blue, brown and gray grounds. Smartly styled double and single breasted models for young men, more conservative styles for older men; beautifully tailored as are all of our suits or overcoats.

PRICES \$25 to \$55.

Burman Loses.

Cleveland, March 11.—Joe Lynch, of New York, world's bantamweight champion, decisively outpointed Joe Burman, of Chicago, in ten rounds here last night. In some of the early rounds, the Chicago boy outfought the champion, but in the eighth, ninth and tenth, Lynch, with a fusillade of blows, won a popular decision. Four rounds were given to Burman, five to Lynch and one was even.

Last Night's Fights.

At Newark—Ed Norfolk knocked out Pinky Lewis in the sixth round of a scheduled twelve-round bout. Woodie Barton and Charlie Smith boxed ten rounds to a draw. Battling Levinsky won a decision over Homer Smith in twelve rounds. Jack Wolfe defeated Frankie Daly in twelve rounds.

At South Bend, Indiana—Johnny Griffiths defeated Eddie Welch in a ten-round bout.

To Defend Title.

New York, March 11.—Johnny Wilson, the middleweight champion, will defend his title against Mike O'Dowd in a fifteen-round decision bout at Madison Square garden, March 17. It was announced today.

BASKETBALL

Junior Shovels Win.

The Marion Steam Shovel Juniors defeated the Firestones in a fast game of basketball at the armory, Thursday evening, by a score of twenty-six to thirteen. The Shovels displayed some very good teamwork and put up a good defense, while the Firestone were out of form in shooting the basket. Nicholas was the star of the contest. The teams lined up as follows:

Shovels, 26: Poc, Firestones, 13.
Hoover, 11; Wells, 11; Messenger, 11; Bullen, 11; Jackson, 11; Sullivan, 11.

New Spring Stocks AT NEW PRICES

Styles are newest, garments are made from new
fresh materials and prices are at a new low level.
Surely this would be your preference, rather than
choosing from sale merchandise.

Men's and Young Men's Suits

The prices are \$20.00 and up to \$50.00. New and snappy models—also the
more conservative kind. And only one quality—the best possible.

Dress Shirts

It's really a pleasure to price these fine
Dress Shirts \$2.00, \$2.50 and up, rather
than starting at \$5.00.
A fine lot of new patterns.

Stetson Hats

Stetsons really need no description, and
when we say we have the newest Spring
models, it's convincing enough.
The prices start at \$3.00.

Easy Vacuum Electric Washing Machine

We, The Schoenberger Furniture Co.,
have just taken over the agency for the
"Easy" Vacuum Electric Washing Ma-
chine. We want to introduce this machine
to all the buying public of Marion and
Marion county and therefore take this ad-
vertisement as our first means of introduc-
tion.PRINCIPLE—The "EASY" washes clothes by means of
AIR PRESSURE and SUCTION. The two suction cups in-
side the tank move up and down sixty times per minute, tak-
ing a new position on each downward stroke. On the down-
stroke the air contained in the cups forces the soapy water
through the mesh of the garments, while on the up-stroke the
cups suck the soapy water through the mesh. It is obvious that
dirt cannot resist this water force. It does not injure the deli-
cate faces, linings, lingerie, etc.CONSTRUCTION—Constructed of the following metals—
steel, aluminum, brass and solid copper tank, or nickel-zinc
tank. The frame and supporting mechanism are black
painted. The operating parts are under the tub and out of
the way. Gears are guarded. Legs are fitted with patented
swivel casters.MOTOR—Motor is 1/4 H. P. (either Robbins & Meyer or
General Electric Co.) Suspended from the metal chassis un-
der the tank. For DeLen System a special motor is made.GAS HEATER—The gas heater is attached under the tank
of the copper tank machine only.WRINGER—The wringer on the copper tank machine has
solid aluminum frame, buffed to a high polish, giving every
handsome appearance. Has 12 inch rolls. Instant safety re-
lease. Metal reversible drainboard, fitted with brass roller on
each end to facilitate easy and smooth sliding of clothes over
the board. On the nickel-zinc tank machine the wringer has
a wooden frame, and a reversible wooden drainboard. The
rolls being the same size and equipped with the same safety
release.CAPACITY—It has a capacity of ten sheets or fourteen
pounds of dry clothes.COST OF OPERATING—It costs about one cent per hour
for current to wash as much as a good laundress will wash
over the washboard in four hours.PRICE—The price of this machine with the copper tank is
\$125.00. For the one with the nickel-zinc tank the price is
\$130.00.We are giving a demonstration all day Saturday and invite all to come, even those who do not
need an electric washer, because we have the best washer on the market and can prove it, if you
give us an opportunity.
SCHOENBERGER FURNITURE CO.

403 W. CENTER ST.

TANK—Tank is 24 in. in diameter; 18½ in. high. Has
removable cover. No corrugations or corners to retain im-
purities. The bottom of the tank is fitted with patented brass
nickel-plated discharge valve. The two cups inside of the
tank are attached to the center post by means of a removable
pin, permitting the operator to remove the cups and allowing
free access to the inside of the tank. The cups are also ad-
justable to accommodate various size washings. The yoke
from which the cups are suspended is solid aluminum, buffed
to a polish. The piston to which the yoke is attached is seam-
less brass tubing, nickel-plated. The center post to which the
piston operates up and down is solid brass, polished. In the
copper tank machine, the tank is made entirely from solid
copper, lined inside to prevent corrosion, highly polished and
laqueered outside. The copper is SPUN not STAMPED. Cups
are spun copper, nickel-plated and highly polished. In the
nickel-zinc tank machine, the tank is exactly the same
size as the copper, but made from special alloy of zinc, nickel-
plated with both inside and outside and highly polished.This machine is exceptionally easy to keep clean, because
the operator simply wipes it off the same as she would a nickel-
plated percolator or tea-kettle. The cover is spun, plain
zinc.

SIMONS HEARD BY REICHSTAG

Allies without action, the British premier said.
"I feared the Germans would make this mistake. They will discover themselves like a horse that takes a nap in the middle of the road."
Recalling the peace conference, Mr. Lloyd George said:
"Clemenceau was in a bad humor, but I, also, was in a bad humor."

Cabinet Resigns.
Berlin, March 11.—The German imperial cabinet unanimously approved the manner in which Dr. Walter Simons, the foreign minister, had conducted the recent negotiations with the allies in London. President Ebert presided at the session.

Resignation of the Prussian cabinet was announced. It was formed on March 29 last, with Herr Braun as premier. It was intimidated shortly after the recent elections that the cabinet was likely to resign, as the three-party coalition bloc had secured only 215 representatives as against their former 204. Both the extreme conservatives and extreme radicals have made pronounced gains.

Now Complete.
Paris, March 11.—Occupation of the Rhine ports has been completed by the allied forces.

General Gauthier, of the French forces, has issued a new proclamation, saying in substance that the German delegates at the London conference showed unwillingness to observe the Versailles treaty, and that the allies were forced to enforce the German government to fulfill its obligations. He had emphasis on the fact that the occupation is in no sense a hostile act toward the population, and that not only was the freedom to work guaranteed, but the allied authorities would do their best to improve the condition of the people and to bring about food supply.

Members of the senate and working class fear there will be an increase in the cost of living. They are not.

FRENCH DENY LEAGUE EFFORT

troops on the Rhine is one which has been brought forcibly to the attention of the new president by the recent advance of the allied forces into Germany to enforce provisions of the Versailles treaty.

President Harding discussed the Mexican problem with H. B. Creager, of Texas, who has been suggested for ambassador to Mexico in case of ultimate recognition. The question of Mexican relations hinges upon the ability of the new administration of President Obregon to establish a regime that will win American recognition. It is possible pointed intimations on the subject may go forward soon to Mexico City.

ment action to prevent wage reductions, Secretary of Labor Davis said today.

Secretary Davis said he was studying the appeal, which had been referred to him by the president and the cabinet.

Experts of the department are busy at the task of printing the ballots for the election.

The department will use every effort to have the ballots ready in time for the election.

NOTE NOT APPROVED

Negotiations Expected
Washington.DESIGN FOR
MEDIATION MADEAppeal to League of
Nations May Force Disclosure
of American Views.

Washington, March 11.—Refusal of the United States to accept the White territory as a basis of peace with Panama, and the appeal by Panama to the League of Nations for settlement of the dispute, are expected by officials here before the American government the probable necessity for the first time its recognition of the jurisdiction of the League in disputes on the subject.

In replying to the note of the government demanding immediate settlement of the dispute, the

United States, however, and those of Costa Rica, agreed to the settlement of the dispute from Costa Rica, but announced the intention to keep the land and police authorities in Costa Rica where they were prior to the break between the two governments Feb. 21. Costa Rica, in agreeing to a settlement on the basis of the White award, has withdrawn her troops from the disputed territory.

The Panama note, the text of which was made public at the state department, was understood to be unsatisfactory to department officials. There was a suggestion, however, that the counter proposal offered by Panama for mediation of the dispute by a commission of disinterested persons might be used by the American government as a basis for further negotiations.

Although lacking official confirmation of the appeal of Panama to the League of Nations, officials evidenced interest in a dispatch from Geneva stating that the text of such an appeal had been received by the secretary of the League of Nations there. The dispatch indicated that the League of Nations council might give attention to settlement of the conflict and in that connection it was pointed out here that both Panama and Costa Rica are members of the League, the latter having been elected to membership at the last meeting of the League assembly.

CONFERES WITH HARDING ON LEGION MATTERS

Needs of Veterans of World War
Are Outlined.

Washington, March 11.—The American Legion's legislative program for the special session of congress was outlined to President Harding by F. W. Gallagher, national commander of the legion, who said after the conference that the president was impressed by the necessity of making more adequate provision for war veterans, especially disabled men.

Gallagher expressed the belief that the administration would give wholehearted support to the legion's plans, which include provision for the grouping of all government soldier relief agencies into one bureau and a continuous hospital building program.

The legion, according to its commander, also will ask that veterans receiving vocational training be given adequate compensation to permit them and their families to live comfortably.

Aguinaldo's Wife Dead.

Manila, March 11.—Mrs. Hilario Del Rosario Aguinaldo, wife of General Emilio Aguinaldo, noted figure in the Philippine insurrection, died of pneumonia at her home in Capiz, Cebu, today. A daughter, is attending Radcliffe college at Cambridge, Mass. A son also is attending college in the United States.

New Senator From Idaho

Senator Frank E. Steiwer, former Governor of Idaho, who succeeded Senator John W. Nugent, recently appointed a member of the Federal Trade Commission. Senator Steiwer served for several years in the House of Representatives before becoming Governor of Idaho.

SERVICE HIS AIM, HOOVER DECLARES

Wants Wider Cooperation with
Trade Organizations.

Washington, March 11.—The future of the department of commerce in its abilities to meet the needs of trade and industry must await the "thorough reorganization of the whole executive machinery" now being undertaken by the joint congressional reorganization committee, Secretary Hoover said.

The declaration was made in Hoover's first statement as a cabinet member, in which he announced the policy of his department to be one of service and not of "regulation of trade and industry." Outside of voluntary measures, he said the only immediate extension of service would be in the obtaining of greater internal efficiency.

In order to do service to the greatest advantage, Hoover said, "I wish to establish a wider and better organized cooperation with the trade and commercial organizations, and all in a short time present some plans to this end. I want to see our efforts to push our foreign commerce more closely related to our industries."

Such enlarged activity, he declared, was within the original purpose of his department and would require neither additional legislation or appropriation. He discouraged further burdens on the taxpayer for the undertaking of new work on the ground of economy, need of reorganization and reduction of less essentials.

Head Hunters in Ecuador.

New York, March 11.—Tales of head-hunting savages who worship the devil and spend their lives gathering wild animal skins to use in purchasing wives were told by George K. Cheris, famous explorer, and Harold Anthony of the American Museum of Natural History, who returned from southern Ecuador. More than 3,500 specimens of rare birds and mammals were brought back by the explorers.

Slump in Income Tax Collections.
Columbus, March 11.—Income tax collections for 1920 in this district will fall short \$3,000,000 compared with 1919, Internal Revenue Collector Williamson estimated. This is due, he says, to general business conditions.

To Send Delegate to Moscow.
Detroit, Mich., March 11.—A reprintman by Samuel Gompers, president of the American Federation of Labor, for what he termed support of the Russian Soviet government by the Detroit Federation of Labor, was followed by a vote that a representative of the local federation be sent to Moscow to attend a labor congress scheduled to open on May 1. President William Bailey was authorized to appoint the delegate.

To Make Real Beer.
New York, March 11.—Jacob Ruppert, president of a large brewing company bearing his name, announced that his firm would begin manufacture of a real beer immediately. He declared that there was no question of the legality of such a course if the product is to be used as a medicine. Other large brewers in and about New York said they did not expect to increase their output, but also would turn out some real beer.

Reserve Strength

IDLE freight cars in the United States now number 423,000, and more than 3,500 locomotives are stored. The carrying capacity of this idle equipment is greater than all the freight equipment of the railroads of any foreign country.

Only six months ago there was a shortage of 146,000 cars.

These idle cars and engines mean that an investment of more than \$600,000,000 is producing nothing.

But this heavy investment in equipment and facilities—greatly in excess of the need in times of light traffic—must be made by the railroads in order that they may have a reserve to draw upon when the tide of traffic rises. Even with this costly but necessary insurance, a car shortage is inevitable at the peak of an industrial boom.

Idle cars now are a visible guarantee of preparedness for the rising tide of industry.

The well-known policy of the New York Central Lines has long been to provide as large a transportation reserve as can be safely carried through periods of slack business.

This reserve strength is insurance for American industry.
